WORK EXPERIENCE

AQSAH GROUP, December 2020 – Present

- Company website: <http://www.zealinc.us/>
- Website development and maintenance through WordPress
- Data Analysis and Content Creation

2018 – 2020

- Handled online examination server of various government jobs under MeritTrac, Sify and JoulesToWatts as a freelancer
- Conducted offline entrance exams under MeritTrac

SKILLS

- **WordPress**
- **HTML, CSS and JavaScript**
- **SASS**
- **Bootstrap**

EDUCATION

- **M Tech in CSE** - 2019, Aliah University, Kolkata.
- **Integrated MCA** - 2017, Aliah University, Kolkata.

UNIVERSITY PROJECTS

- **Detection of Blackhole Attack using RMBOPB based agent**

Performance analysis of AODV protocol in general as well as after being attacked by blackhole in Manet. Reading done in Network Simulator 2.34 platform. Achievement: Paper published in ICICS, December 2018.

<https://www.researchgate.net/publication/329788132>

- **Impact of Various Mobility Model in OLSR Routing Protocol**

Performance analysis and comparison of four kinds of mobility models using OLSR routing protocols in NS 2.35 platform. The four mobility modes are Random GaussMarkov mobility model, ManhattanGrid mobility model, Nomadic mobility model and Pursue mobility model. All models' performances had been analysed in different scenarios with respect to different parameters.

STRENGTH: Team player, fast-learner, positive approach to work, confident to work efficiently within a specified deadline.

HOBBIES: Watching movies, listening music and bowling.

LANGUAGES KNOWN: English, Hindi, Urdu and Bengali
