

CURRICULUM VITAE

Soppa Bhavani Sankar

Door no: 3/1415-1, Holmes Peta,
Proddatur, Kadapa District, Andhra Pradesh

Pincode-516360

E-mail id: soppa.sankar@gmail.com

Phone No: +91-9963447117

CAREER OBJECTIVE

To work in an organization where I can contribute to the organization's growth and profitability with my skills and in turn get an opportunity to get exposure and expertise that would help me to build a promising and successful career.

PROFESSIONAL SUMMARY

- 3 years of Experience as a **Build and Release/ DevOps** engineering and configuration management.
- Expertise in supporting multiple projects during builds and release process.
- Hands on experience with version control tool like **GIT, GitHub**.
- Experience on **GIT**- Created branches, tagging, setting externals, and providing access permissions to the developers over branches.
- Good working experience on **Linux and Windows** Operating Systems.
- Hands on Experience with Build Tool **Maven** to generate project **Artifacts**.
- Good experience in deploying the build artifacts in **Tomcat** Server.
- Good knowledge in checking the code quality using the **SonarQube**.
- Proven experience on artifact repositories like **Nexus**.
- Hands on experience in automating build process using **Jenkins CI Tool**.
- **Troubleshoot** the Application related issues in **production & non-production** environments.
- Familiar with Software Development Life Cycle (SDLC) process.
- Having good knowledge in Amazon EC2 technologies **EC2, S3, EBS, Auto scaling**, monitoring and elastic load balancing.
- Managing **SaaS** platform hosted on **AWS** running with 99.99% uptime using **Auto scaling**.
- Participate in building the DevOps Platform using configuration management tools like **Ansible**.
- Used tools like **Docker** for deployment automation.
- **Docker** installation and image setup.
- Creating custom image from a **Docker file**.
- Worked on ticketing tool like **JIRA**.
- Ability to accept challenge, learn and grown in good profession manner.
- Successful in communicating with people at all levels and with other departments as needed to best Serve the customer.

IT Knowledge Purview

Operating System	Windows, Linux
Version Control System Tool	GIT, GITHUB
Scripting	Shell Scripting
Build Tool	Maven
Cloud	AWS
Code Quality Management Tool	SonarQube Server
Application Server	Apache Tomcat
Continuous Integration Tools	Jenkins
Containerization Tool	Docker & Kubernetes
Configuration Management Tool	Ansible
Bug Tracking Tool	JIRA
Artifactory Repos.	Nexus
Monitoring Tool	New Relic
Visualization Tool	Grafana

Professional Experience

- Working as DevOps Engineer at **Promaestro Techsource Private Limited** from October 2018 to till date.

Project: 2

- **Project** : Health Care
- **Environment** : Git, Maven , Nexus, SonarQube, Jenkins, Apache Tomcat, AWS, Docker, Kubernetes, Ansible, Jira, and Linux.
- **Role** : DevOps Engineer.
- **Client** : Wipro

Roles and Responsibilities: -

- Worked on Continuous Integration using Jenkin and has configured SonarQube, Nexus and Tomcat as part of the Continuous Integration.
- Responsible for Build and Deployment activity at different level of Development, Test and Production environments.
- Automated installing the Linux packages and administering Linux service using Ansible Tower and automating product installation configuration.
- Create Standard Pipelines using Jenkins for Continues Security Testing.
- Managed Ansible playbooks with Ansible modules for installing software's.
- Responsible for configuring Quality Gate in SonarQube.
- Used AWS services like EC2, S3, EBS, Cloud Watch, ELB for building infrastructure.
- Help engineering teams implement new technologies in development for future production deployment.
- Participates in the design and implementation phases for new and existing products, with a focus on AWS technical knowledge for successful execution of the requirements.
- Researched and implemented code coverage and Junit test plug-ins like find bugs, check style and Junit with Maven.
- Involved in setting up JIRA as defect tracking system and configured various workflows, customizations, and plugins for the JIRA bug/issue tracker.
- Used JIRA tool to create and update stories and for tracking project status.
- Providing documentation on Install, Upgrade release guides for application to documentation team.
- Work with development/testing, deployment, systems/infrastructure and project team's tenure continuous operation of build and test system
- Build and deployments of java applications in pre-production and production environments.
- Automated the build process using build tool Jenkins and scheduled it daily for the sanity check of the Java code checked in by the developers.
- Introduced new techniques and technologies for build automation to evolve existing systems.
- Worked closely with developers to pinpoint and provide early warnings of common build failures.
- Experience on working in Linux Environment, responsible for configuration management.

Project: 1

- **Project** : CFS (Center for sight)
- **Environment** : Git, Maven , Jenkins, Docker, Apache Tomcat, Jira, Shell Scripting
- **Role** : DevOps Engineer.
- **Client** : L & T

Roles and Responsibilities: -

- Creating branches and tags and cloning repository.
- Creating the repositories and import the code into module levels.
- Creation of tags and branches.
- Maintain the access privileges to developers at repository level and branch level.
- Performing pre-build activities & post build activities by coordinating with development teams.
- Enable the required plug-in in Jenkins.
- Installed Jenkins on Ubuntu machine and created master and slave configuration to implement multiple parallel builds through a build fam.

EDUCATIONAL QUALIFICATIONS

Degree / Certificate	Institution/ Board	Year	CGPA / Percentage
B.Tech-(Hons.) Mech	Lovely Professional University, Phagwara	2017	8.34 CGPA
HSC	Sri Shiridi Sai Junior College State Board	2013	89.9%
SSC	Adithya High School State Board	2011	90.0%

LANGUAGES KNOWN

English, Hindi, Telugu.

HOBBIES

Reading Auto Magazine, Travelling, Listening to Songs.

PERSONAL DETAILS

Mother's Name : Mrs. Soppa Chandrakala
Father's Name : Mr. S.Venkata Ramana
Date of Birth : 02-01-1995
Gender : Male
