

ASTHA DADHICH

UI/UX DESIGNER

About Me

I graduated from Symbiosis School for Liberal Arts with a BA Liberal Arts with Psychology as my Major.

Despite being new to the UI/UX field, I wish to incorporate what I have learned as a Psychology student and apply it to the field of design.

As an individual, I am curious and innovative. Generally brimming with ideas, a process-oriented person who likes to get things done in a timely fashion.

Skills and Abilities

- Figma
- Photoshop
- Wire framing
- Prototyping
- Critical Thinking
- Team Player
- Clear Communication
- Quantitative and Qualitative Research

Seminar Paper in Psychology

ANIMAL ASSISTED INTERVENTION FOR CHILDREN WITH AUTISM SPECTRUM DISORDER: A REVIEW OF LITERATURE

- Aim of the paper was to understand positive effects of Animal Assisted Intervention (AAI) and its effects on children with Autism Spectrum Disorder (ASD).

Internship

Symbiosis Summer School

TWO TERMS, 2017-2018

- Symbiosis Summer School is a 20-day programme that aims to help people between 10th standard to 12th standard. While providing separate programmes to people above the age of 18. Held in the month of May every year.
- The Internship required me to work as a student co-ordinator.
- Keeping the website up to date with the help of developers.
- Connect with prospective students that were interested in the programme.
