EDUCATION & PROFESSIONAL DEVELOPMENT

- **B Tech in INSTRUMENTATION ENGG.** from Government Collage of Engineering Jalgaon, An Autonomous Institute(2020) with CGPA 7.40.
 - ❖ Project details
 - **Smart Department:** - Basic idea behind the project is to save energy by using PIR Sensor i.e. lights & fans are automatically turn On Only in presence of human else it will turn Off automatically. The special thing about my project is my project is actually implemented in our collage in our department (Corridor area & Lab).
 - **Solar Emergency inverter:** - In this project we use solar panel and store the energy in the battery and that stored energy is used for emergency light, to charge mobile, etc.
- **Diploma in ELECTRICAL ENGG.** from Government Polytechnic Nashik, An Autonomous Institute with Percentage-66.31% (2017)
 - ❖ Project details
 - **Border Security System:** -In this project we use ultrasonic sensor for detecting obstacles which is present in border areas(Defence). if any obstacles found on border it detect by sensor. If it detects any obstacles then it gives signal to circuitry and it generates sound from buzzer
- **Secondary School Certificate** From Madhyamik Vidyalaya, Wade With 82.60%.
