Academic Projects

MINI PROJECT

Created **Faculty Management System** using PHP and MYSQL. The software was designed to manage the details of our college faculties. It implemented a database that stored details of all the faculties in our college and details about classes and subjects they dealt with. In addition to that, in order to improve the overall performance, the system had facilities to add remarks about teachers and classes.

MAIN PROJECT

Implemented **Security of Confidential Data Using Triple Layer Encryption.** The Project Paper was published in IJERT journal.

SEMINAR

Presented a Seminar on the topic **Learning Query Specific Distance Functions for Large Scale Web Image Search**.

Strengths

- Co-operative and adjustable nature.
- Ability to work in a team.
- Hardworking.
- Self-confident and self-disciplined.
- Good Academic consistency.
- Eager to learn new things.
