ABOUT ME

I am a UI/UX designer based in Karaikudi, Tamil Nadu. I love solving User problems. Team work and collaboration are significant factors that can go a long way in design teams. I believe engaging with cross functional professioanls like Engineers and Stake holders are key for a designer to create a feasible and usable product.

EDUCATION

University College of Engineering, Dindigul - B.E (Civil Engineering)

- Participated in **workshops** and **voluntary works** that involves arranging blood donation camps and campaigning nearby village peoples.

- **Captain for Men Cricket team** for 3 consecutive years and won two zonal level tournaments

- Conducted and organized **symposiums**, **Workshops** and other department functions.
