Ujjwal Singh Chauhan

UX Designer

Hello!

Section	01	Personal Profile

ABOUT

I am passionate about my design and creativity, this helps me to deliver the most intriguing designs whether it's a UX/UI, Graphics, or creative design. I can research your brand or understand their requirements and the message to be conveyed through that brand that you truly want. The only thing that I need from you is some of the time as creativity need stime to emboss its creativity.

Section 02 — My Learning

UI UX Design
Mar 2018 - Sept 2018

Felix ITs, Pune.

Finally I got the one in which I can start my career as a UX designer, this is what made me a better designer with a lot of skills. The thing that I needed came from this like value, prosperity, and the growth.

B.Sc. Animation and Visual Effects
2014 - 2017

Fergusson College, University of Pune, Pune.

Started my education/career in the creative and innovative field, wanted to start my career as a VFX or 3D modelling Designer but because of not having a better scope in these as a fresher I started my career as a graphic creative designer.

Ujjwal Resume

Section **04**   # Work Experiences

Creative Designer

Mar 2021 –
Present

Noccarc Robotics PVT LTD, Pune.

Working as a creative designer, handling UXUI of applications and services, Graphic designing and a little part of product designing as well. I am glad that I'm working with this company because this company has taught me the aspects of a creative designer and also improvised my core skills.

Creative Head

Oct 2019 –
Mar 2021

Varity Media, Pune.

Worked as a creative head, took responsibility of application design, service design, graphic design, VFX, video editing, etc. This has led me to a different dimension because from this my confidence has grown to next level. I was glad to be the part of this company.

**UI UX Graphic
Designer**

Jan 2019 –
June 2019

Varchar Tech, Pune.

I was the UI UX designer with Sr. Graphic designer, so handling the website designing, app designing and also the graphic designing part. From this company I started my new journey as a UI UX designer. I was glad to be the part of this company.

**GRAPHIC DESIGNER,
VFX and Video**

Sept 2017 –
June 2018

Destek Infosolutions PVT LTD, Pune.

I started as a graphic designer and then promoted to graphic design, VFX artist and video editing. This was the company that made me a valuable designer and also highlighted me that what I'm capable of, I was glad to be the part of this company.

Section **05** Certification

Google UX Design Professional
2022

By Google, Coursera.

There are a lot to learn from the UX Professionals to upgrade and explore more in UX designing processes, and also to get a better job this certification can help me achieve my dream job.
