Profile: **DevOps Engineer**

In pursuit of challenging assignments with an esteemed organization where I can utilize my skills and enhance learning in the field of work and a making positive difference to the organization.

Summary of Expertise

Core Strengths
Fast learner
Self-motivated
Persistent Team Player
Confident and Determined
Ability to do Multi-task

Technical Skills
Cloud Computing(AWS)
DevOps
Linux/UNIX
Shell Scripting
C, Java programming
Logging/Monitoring
Production Support
Agile Scrum

Tools
Jira/Confluence - Project
GitHub - repo

Courses
Completed AWS Solution Architect Certification Training from Edureka
DevOps Practices and Tools
Completed Udemy courses in Linux and DevOps practices and tools.
